Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a method of displaying a print preview image of a selected page in a document by displaying a list of user-selectable printing features; receiving a selection of one of the user-selectable printing features; displaying a user-actuable control for the selected one of the features; displaying a print preview image, illustrating content of the selected page, which changes in response to actuation of the user-actuable control; displaying a page selector adjacent the print preview image for selecting a page to be displayed in the print preview image; and displaying indicia, separate from the print preview image, showing which pages within the document have had the selected one of the features from the list altered from a default setting for that feature as claimed in claim 1. Similar features are claimed in claims 8, 11, and 15. Therefore, claims 8, 11, and 15 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
